	<i>The school provides extra activities e.g. lunchtime and after school clubs / before school</i>	93%	7%

This is what you like best about our school :

The staff and Headteacher's dedication to making a safe, happy, learning environment for children.

Lovely, friendly atmosphere and inviting. Most children are happy and polite. They love after school clubs. My boys feel very much at home here. Teachers and staff are very approachable. Just about everything. Smaller class size. Staff help children as much as they can. Good teachers and the interventions. Art. A close knit community and close to home. All the children use manners and are always smiling. School communicates effectively. Differences are embraced and not cast aside. Learning support is given when needed. Parents and staff have good relationships.

I think the best thing I like is the excellent effort and all the hard work that the staff at Choppington do to help the pupils achieve their efforts and goals, to each and every child!

You told us things that might make our school even better : "Take kids as boarders" (good try)

Can't think of anything! Nothing - as long as my child is happy I am. Perfect the way it is!

The opportunity for people from different professions to come and talk to children. More solving of bullying.

More academic and musical after school clubs. More homework. Less incidents at playtime - staff not being aware. More chance to speak to staff in KS2.

Hilda Blythe
