What do you like best about our school :

Teachers are always approachable and friendly. A nice atmosphere, safe environment and caring staff. All children are treated the same. Friendly place with a good staff. Teachers are prepared to talk and discuss progress. I am always able to talk to teachers and helpers. Teachers and pupils are open and honest. Thank you - all of you. Everything! It is friendly and inviting. Issues are dealt with quickly. My child wants to come, and I'm listened to if I have a problem. After school clubs.

I think that the staff and Headteacher invest a lot of time to make sure each and every child is nurtured and given plenty of opportunity to be the best they can be. Each child is given positive reinforcement and strategies to cope in the world.

The Headteacher seems to genuinely care and wants the children to flourish.

Please tell us something that would make our school even better :

More clubs and options. A summer fair. Parent and pupil homework. More homework.  
More events at Christmas etc. More notice to come to Celebration Assembly. Academic clubs to help children.

Many thanks for helping us with your ideas and concerns. We are truly delighted that the majority of parents and carers are so very positive. We will discuss any concerns as a staff, and give details which will follow that discussion.
